ITL FIRST HALF REVENUE UP 20%

23 January 2006

ITL wishes to advise the market that our revenues for the first half to 31st December 2005 were \$13.3M this is a 20% increase over the first half of 2004/05 revenues of \$11.1M.

ITL Chief Executive Bill Mobbs said

“Our Procedure Kit Division has performed exceptionally well with a sales growth of 29% while our Innovative Products Division is showing moderate growth of 6%. We are expecting a net profit before tax of approximately \$1.3M for the first half.”

ITL is planning to release its audited half year results on 21st February 2006.

ITL (ASX: ITD, www.itl-limited.com) designs and manufactures innovative medical devices and procedure packs for global healthcare markets. ITL is committed to bringing products to the market that consistently prove to be market leaders in safety and innovation and supplies 200 private and public hospitals across Australia with its range of customised Procedure Packs. ITL's products have a presence in over 35 countries and protect the lives and health of healthcare workers in millions of procedures annually.
