ITL RELEASES HALF YEAR REPORT

21 February 2006

With today's release of its half yearly accounts ITL is again showing a strong result on the back of consistent growth. Both divisions performed well in the period with average sales growth of over 20% across the company.

ITL Chief Executive Bill Mobbs said

"We are showing that we can consistently perform both in revenue growth and profitability. We have strong margins and with solid forward orders we expect a continuation of sound performance."

With its recent purchase of Heal Marketing ITL is poised to penetrate the Asian healthcare market with a strong management team and sales force already in place. Profits from this latest acquisition are immediately accretive to ITL.

"With our two divisions performing well and the Heal acquisition impacting our second half, we are now forecasting around 25% revenue growth compared to last financial year." Mobbs said today. "

ITL posted half year revenue of \$13.3 million, net profit before tax of \$1.31 million and EBITDA of \$1.8 million.

ITL (ASX: ITD, www.itl-limited.com) designs and manufactures innovative medical devices and procedure packs for global healthcare markets. ITL is committed to bringing products to the market that consistently prove to be market leaders in safety and innovation and supplies 200 private and public hospitals across Australia with its range of customised Procedure Packs. ITL's products have a presence in over 35 countries and protect the lives and health of healthcare workers in millions of procedures annually.
