# SafetyShield™

For your protection

## Protection

**Safety Shield™** protects against and reduces potential exposure to biohazardous aerosol sprays and splashes.

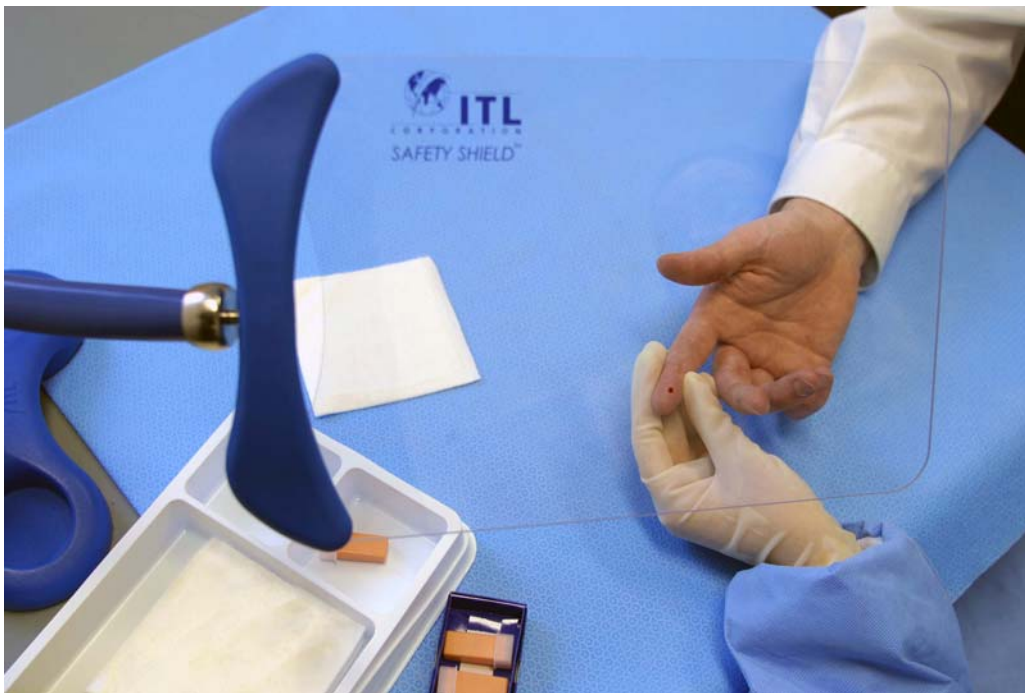

## Easy Integration

**Safety Shield™** easily integrates into current procedures and processes, providing an alternative to face shields and other Personal Protective Equipment (PPE).

The clear plastic shield and snap-together assembly are designed for easy cleaning. The **Safety Shield™** dismantles for easy transport and subsequent setup. Replacement shields are available.

## Flexibility

The flexible neck and swivel joint adjusts for optimal viewing angle while maintaining protection from potential exposure.

▲ **Clear plastic shield and flexible arm provide maximum visualization while maintaining protection from aerosol sprays and splashes.**
